

Dear Google TwinPorts Fiber supporters,

Our goal this week is to push our Facebook groups page supporting the Duluth-Superior region past the 10,000 mark! Please tell all your co-workers, friends and relatives to go to <http://www.googletwinports.com/facebook>.

Here's an easy way to invite your friends to join our Facebook group. Under the Google logo on the upper left of the Facebook groups page, you will find a link called "Invite People to Join" - click on that link and you can quickly invite your friends who have not yet joined the effort. It's a quick way for us to expand our ranks!

Thank you,
Mayor Don Ness
City of Duluth
